

Employer Validation Panel Member – Construction

Pearson is recruiting associates for the Pearson T Level qualifications. T Levels are new courses coming in September 2020, which will follow GCSEs and will be equivalent to three A levels.

These two-year courses have been developed in collaboration with employers and businesses, so that the content meets the needs of industry and prepares students for work.

T Levels will offer students a mixture of classroom learning and 'on-the-job' experience during an industry placement of at least 45 days. They will provide the knowledge and experience needed to open the door into skilled employment, further study or a higher apprenticeship.

If your application is successful you will be required to attend a mandatory online training meeting, and you will be paid for your attendance. Please note that a successful application does not guarantee a place at a training event. All applicants that successfully complete the training event will be placed on a list of people eligible to be offered a contract.

Responsibilities

The EVP member may be required to:

- Review the draft scenario content.
- Check that the information provided in the scenario are in line with industry standards and appropriate.
- Provide constructive feedback to writer in the required format and suggest alternatives where appropriate.
- Respond to CPM queries on an ad hoc basis.
- Adhere to the production schedules and turnaround requests from the Content
- Do not, as far as is practicable, advantage or disadvantage groups of candidates on grounds other than competence in the subject.
- Ensure that the source material does not cause offence because of inappropriate subject matter or language.

- Check that appropriate graphics, photographs, images or diagrams (where provided) are free from error and appropriate in context of the scenario.
- Check that there is no unnecessary repetition of scenario information within the set of papers.
